About Me

My name is Nikesh Chapain. You can call me Nik in short. I am a Portuguese citizen. I am naturally from Nepal and have been living in Portugal since 2010. I am a non-native Portuguese Speaker. I love to share my knowledge with everyone. I have good teaching experience in software development and mass communication. This experience helped me teach the Portuguese Language to beginners. I have been helping newcomers in Portugal learn Portuguese. I am here to give you a promising startup of the Portuguese Language.

You may wonder why this program is named Learn with Yvana. Yvana is my daughter; she was eight years old. It is her idea to build up this course to help everyone who wants to learn Portuguese.
